

Town of Surf City

SIDEWALK REPAIR ALERT

The Town has identified sidewalk damage along NC Hwy 50 between the Surf City Bridge and Access Realty (area identified on map below). Town crews have coned this area off, please do not access this area until repairs are made as it could be dangerous. Repairs will be completed as soon as weather permits. An update will be posted once we re-open the area, as the concrete will need to dry. Thank you for your patience and understanding.

If you have any questions, please contact Town Hall at 910-328-4131.
